Education

Pennsylvania State University · College of Engineering

B.A.E./M.A.E. in Architectural Engineering, Structural Option | GPA: 3.9 | Expected 2029

Experience

Greenman-Pedersen, Inc. · Structural Engineering Intern

Summer 2026

- Supported **structural design and analysis** using AutoCAD, Revit, Bluebeam, RAM, and TEDDS
- Built **Python engineering tools** to identify AISC steel sections from field dimensions and accelerate existing-member verification
- Conducted **field surveys** and translated site conditions into CAD drawings and structural models

NASA URIP · Research Intern

Oct. 2024 - Dec. 2025

- Analyzed **remote-sensing and ArcGIS data** to evaluate flood susceptibility and infrastructure vulnerability
 - Presented technical findings on **geospatial flood risk and structural impacts** to academic audiences
-

Projects

- **CAD/Revit C&C Wind Generator:** automated component-and-cladding wind-load geometry to reduce repetitive CAD/Revit drafting
- **PSU Steam Services Building:** recreated architectural and structural systems of a Penn State campus facility in Revit with coordinated Bluebeam plans and in-person surveying
- **NEPA Bridge Design Competition:** designed, fabricated, and load-tested AutoCAD truss bridge prototypes

Activities & Honors

President Walker Award, NEPA Bridge Building Competition, Bodybuilding and Nutrition Coach
